- Buffet lunch. Discussion on redpointing/ onsighting skills/ climbing stalactites, sorting beta out on a climbs crux...

### Afternoon

- Put your plan into action and climb some of the island's 70+ climbing routes ranging from grade 10 - 27.

### Sunset

Cap off the day with your well-earned post climb drink

## Testimonials

For the past 8 years Climb & Travel has run successful climbing tours of Thailand. Have a read of what others thought of the trip...

*"My climbing trip to Thailand with Andrew was an amazing and unforgettable experience. The organisation was excellent. Everything on the trip was organised and we didn't have to worry about planning anything."*

*It was clear Andrew knew this part of Thailand very well. He took us to some places that were off the beaten track to avoid the crowds of climbers and tourists. Andrew is well known by the locals and was able to share and immerse us in the 'real' Thai culture".*

Tee Smith

*We first met Andrew when we did our indoor lead course. Signing up for the Thailand trip really helped us take our climbing to the next level. After the trip we felt confident and prepared to climb independently and gave us the "climbing travel bug" to do more.*

*I would highly recommend Climb & Travel tour of Thailand with Andrew. It was one of the greatest trips I have been on, with such a great group of people who I am still friends with now"*

Jacqueline Le and Jared Chung

*A Thailand experience like no other. Blending our passion for Rock Climbing with a need to see the country as it should be seen. Andrew gave us an immersive Thailand experience that is not on offer anywhere else.*

*After completing our Lead Climbing course with Andrew, our outdoor adventures were only just beginning. Fast forward a year later and I found myself high in the air, climbing some of the most magnificent locations Thailand has to offer.*

*Andrew you are one in a million. Thank you.*

Kelly and Jason Nicholas

Become that better climber...

**REGISTER YOUR INTEREST NOW!**
